**Project: New study program in space systems and communications
engineering (SPACECOM)**

PROTOCOL ON AGREEING OF THE EVALUATION COMMITTEE FOR TENDERING THE EQUIPMENT

May 26, 2020 Online

PARTICIPATED: 38 members

1. Khabibullo Nosirov – Tashkent University of Information Technologies
2. Dilmurod Davronbekov – Tashkent University of Information Technologies
3. Komil Tashev – Tashkent University of Information Technologies
4. Dmitriy Ostroverkhov – Technical University of Berlin

AGENDA:

1. Organization of the summer school of the "Spacecom" project in Tashkent
2. "Space engineering and technology" specialty for master's degree
3. Participation in this project through the "El Yurt Umidi" foundation
4. Discussion of the necessary equipment for laboratories

Dmitry Ostroverkhov, a representative of the Technical University of Berlin and Khabibullo Nosirov, a Spacecom project coordinator in Uzbekistan, presented their reports in the webinar.

RESOLUTION:

1. To revise the structure of the item "soft skills" in "Space engineering and technology" specialty for master's degree
2. Consider ways of concluding a contract between the Technical University of Berlin and the El Yurt Umidi Foundation within the spacecom project.
3. Appoint the heads of the departments "Television and Radio Broadcasting Systems" and "Mobile Communication Systems" responsible for the development of the educational standard for "Space Engineering and Technology"

4. Select responsible persons for various areas of design and implementation of the project.
5. To approve a unified list of equipment for each university.
6. Prepare a room for laboratories, sports premises, layout of equipment
7. Taking into account the prerequisite - the absence of VAT, to understand the issues of customs clearance.
8. Transfer in time of departure of the project representatives from Uzbekistan to the Berlin Technical University.
9. Fill the website of the project www.spacecom.uz with content. Create a project profile on Facebook and LinkedIn.
10. Write an article from each university participant of the spacecom project for publication in the collection of NeoUzbekistan on Erasmus +

Project manager: Khabibullo Nosirov
